Who we are?

We're a unique space where coffee, art, and drinks meet!

Since 2022, we've been proud to support and promote local artists, creating a welcoming and inspiring environment for everyone.

On the upper floor, you'll find our art gallery, featuring works by talented local artists, providing a cultural experience.

The 2x2 meter panel displayed outside changes regularly and is created by a different artist each time (and it's for sale!!).

Here, art becomes part of your break, and all artworks are available for purchase, both in their original version and in other sizes!
